

4. Conference “Collections of Chemical Specimens”

- Digitization, Presentation and Possible Uses -

We hereby cordially invite you to the 4th conference “Collections of Chemical Specimens”. In short lectures lasting a maximum of 30 minutes - similar to previous events - the challenges of storing, recording, analysing, digitizing and using chemical preparations will be discussed. The focus is on scientifically and culturally significant collections and includes chemical preparations in all their diversity: from objects from research and development laboratories to product samples to preparations from pharmacies.

The event will take place online on Friday, February 21st, 2025 starting at 9:00 a.m., participation is free of charge. Registrations, stating a short title, are requested by December 31st, 2024 to be sent to the contact persons listed below.
