

Information on insurance cover for Erasmus+ placements

There is no insurance cover included in an Erasmus+ mobility grant. It is therefore very important that you provide yourself with sufficient insurance cover. The EU Commission, the DAAD or TU Bergakademie Freiberg are not liable for any damages incurred during the semester abroad.

The participant undertakes to ensure sufficient insurance cover (health insurance, liability and accident insurance) and declares this in the Grant Agreement with his/her signature. Insurance through TU Bergakademie Freiberg is not possible.

All participants in the Erasmus+ programme (including graduates) have the opportunity to join the DAAD group insurance scheme (tariff 720), which offers comprehensive insurance cover. Further information can be found at <https://www.daad.de/en/the-daad/what-we-do/insurance/>.

Please complete the information about your insurances on the reverse side. Please make sure that you are covered for the entire duration of your Erasmus+ placement, especially if your placement is extended.

Health insurance

With the European Health Insurance Card, the national public health insurance of the participant generally provides basic insurance cover for the stay in another EU country. However, the coverage provided by the European Health Insurance Card or by a private insurance company may not be sufficient, especially if repatriation or special medical treatment is necessary. In such cases, supplementary private insurance can be useful.

Please note: Cheap travel insurance (usually less than €20 per year) is valid for one calendar year, but only covers the first few weeks of your stay abroad. Therefore they do not offer sufficient insurance coverage for an internship abroad!

Accident insurance

for damage suffered by the beneficiary at work

Liability insurance

for damage caused by the beneficiary in the workplace

Please make sure the liability insurance also covers damage at the workplace.

Please check whether existing insurance policies cover the above-mentioned risks abroad or whether accident and/or liability insurance is provided by the host institution (see Learning Agreement Table B).

Last Name		First Name	
-----------	--	------------	--

1. liability insurance for damage caused by the placement student in the workplace

- Insurance through host university (see Learning Agreement)
- Insurance through placement student:
