KEYNOTE SPEAKERS

John E. Huber (University of Oxford)
Jürgen Rödel (Darmstadt University of Technology)

ACKNOWLEDGEMENT

The financial support of the Deutsche Forschungsgemeinschaft (DFG) in the framework of the research unit FOR 1509 entitled "Ferroische Funktionsmaterialien - Mehrskalige Modellierung und experimentelle Charakterisierung" and the Hessen State Ministry of Higher Education, Research and the Arts - Initiative for the Development of Scientific and Economic Excellence (LOEWE) - in the framework of the special research project „Safer Materials“ are gratefully acknowledged.

CONFERENCE COMMITTEE

Thorsten Bartel (Dortmund University of Technology)
Dominik Brands (University Duisburg-Essen)
Marc-André Keip (University of Stuttgart)
Doru C. Lupascu (University Duisburg-Essen)
Andreas Menzel (Dortmund University of Technology)
Ralf Müller (Kaiserslautern University of Technology)
Jörg Schröder (University Duisburg-Essen)
Paul Steinmann (F.A.-University Erlangen-Nürnberg)
Bob Svendsen (RWTH Aachen University)
Bai-Xiang Xu (Darmstadt University of Technology)

ORGANIZERS

Prof. Dr.-Ing. habil. Andreas Ricoeur
Chair of Engineering Mechanics/Continuum Mechanics
University of Kassel
Mönchebergstraße 7
34125 Kassel, Germany
ricoeur@uni-kassel.de
Phone: +49 (0)561-804 2819
Fax: +49 (0)561-807 2710

Prof. Dipl.-Ing. Björn Kiefer, Ph.D.
Chair of Applied Mechanics -Solid Mechanics
TU Bergakademie Freiberg
Lampadiusstraße 4
09596 Freiberg, Germany
Bjoern.Kiefer@imfd.tu-freiberg.de
Phone: +49(0)3731 39 2075
Fax: +49(0)3731 39 3455

3rd SEMINAR ON FERROIC FUNCTIONAL MATERIALS

13th INTERNATIONAL WORKSHOP ON DIRECT AND INVERSE PROBLEMS IN PIEZOELECTRICITY

Kassel, Germany
October 4th - 6th, 2017

U N I K A S S E L
V E R S I T Ä T

OBJECTIVES

The joint seminar is dedicated to the diverse fields of ferroic materials including ferroelectricity, ferromagnetism and combined multiferroic behavior. It covers mathematical modeling, experimental methods, and industrial applications of ferroic materials and devices. Aim of the combined seminar is to contribute to open problems in:

- numerical simulation (direct and inverse analyses)
- advanced material characterization
- experimental techniques
- fatigue, damage, cracks and reliability
- manufacturing processes and performance of e.g. piezo electric transducers and sensors

The overall intention of the workshop is to bring together experts from different fields of research such as engineering, applied mathematics, and materials science, as well as from the industrial sector. The 13th International Workshop on Direct and Inverse Problems in Piezoelectricity and the 3rd Seminar on Ferroic Functional Materials will continue series of previous workshops/seminars that were animated by lively discussions from numerous participants.

PROGRAM

Oct. 4 (Tue): 11:00 - Arrival and coffee
12:30 - Beginning of seminar
Oct. 5 (Wed): 17:00 - Social event and dinner
Oct. 6 (Thu): 15:30 - End of seminar

CONFERENCE LANGUAGE

Talks are given in English.

SEMINAR HOMEPAGE

For additional information and the LaTeX template for the preparation of abstracts see the seminar web page <http://www.uni-kassel.de/go/ferroics>

VENUE & TRAVELING

The seminar/workshop will be held at the University of Kassel in Kassel. Kassel is easy to reach by train and by car. For more information please visit the seminar web page or contact us.

ACCOMMODATION

Accommodation is not included in the conference fee. Please visit the seminar web page for further information. A limited number of rooms has been reserved in two hotels, both located in a walking distance to the conference venue with special rates for participants until July 31, 2017.

REGISTRATION & ABSTRACTS

For registration please use the attached registration form or register online. If you plan to give a talk, please send an abstract in LaTeX format via e-mail to ferroics@uni-kassel.de. A LaTeX template can be found on the seminar web page.

PAYMENT

The conference fee is € 150,00 and includes lunch, coffee breaks, conference dinner and social event. The conference fee has to be paid not later than **1st September 2017** by bank transfer to:
Bank: Kasseler Sparkasse
SWIFT-Code: HELADEF1KAS
IBAN: DE65 5205 0353 0002 1093 94
Reference 1: 2555201
Reference 2: Piezoworkshop 2017;
name of the participant

IMPORTANT DATES

Abstract submission: June 16, 2017
Acceptance of the contributions: July 14, 2017
Registration: August 4, 2017
